

CAS8000 FLEX SERIES DASHER BOARD SYSTEM

Advanced refinements
for a better game.

CAS8000 Series System

CAS8000 Flex Series Dasher Board System

Our lightest, most flexible steel framework, incorporating glass made to NHL standards, is designed to withstand years of impact abuse while focusing on player safety.

Modular by design, with welded glass posts and flexible post cups, panels are always ready to ship on-demand. Further refinements such as the optional ice dam make this system hard to beat.

Key features:

- 1 Tempered glass
- 2 Aluminum glass support post
- 3 HDPE sill
- 4 Galvanized steel framework
- 5 High density polyethylene
- 6 HDPE kick
- 7 Ice dam (optional)
